

DECLARATION OF DECONTAMINATION

Dear client,

For the protection of our personnel, it is necessary that all equipment and components are free of biological, chemical or radioactive contamination.

We can only accept equipment or components that are

- **Adequately CLEANED and DECONTAMINATED.**
- **Provided with this declaration of decontamination, completed and signed by an authorized person.**

We greatly appreciate your cooperation in ensuring a safe and risk-free workplace.

Equipment Data

Brand		Type	
Description		Serial number	

Data concerning working with harmful substances

Please state the exact biological, chemical or radioactive contamination	
Please describe the cleaning and decontamination procedure/method
